This dynamic and engaging camp focuses on teaching children ages 3-6 to memorize, read, and begin writing Dolch sight words. As each child masters words at their own level, they will receive new words to learn. Each day, students will bring home a new book that they are reading. The curriculum of this camp is **individually based**. I Can Read and Write Camp promotes the love of reading and introduces some fundamentals of writing, all while building students' confidence in a fun and positive environment. YOU WILL SEE A DIFFERENCE!

Your child does NOT have to know how to read or write to enroll in this camp! Moreover, if your child already reads and writes, we will advance them to the appropriate level to ensure that all the children stay challenged and engaged.

READING AND WRITING IS FUN!
